

DETROIT GOT OUT BIG STICK

And Rapped the Ball Hard in Third Game

MULLIN PITCHED WELL

Detroit Bunched Its Hits Off Pfeister and Won About as It Pleased by the Score of 8 to 3—Cobb's Batting a Feature.

Chicago, Oct. 13.—Detroit turned the tables on Chicago yesterday and won the third world's championship game easily by the score of 8 to 3. The Tigers bunched their hits off Pfeister, while Mullin kept the Cubs' hits well scattered. Reulbach pitched the last inning for Chicago, when Hoffman was put in to bat for Pfeister. Cobb's batting for Detroit was one of the features of the game, the mighty slugger getting four hits in five times up.

Detroit gave a hint in the first inning of what was coming for Chicago. With one down Steinfeldt fumbled O'Leary's grounder and Crawford sacrificed the runner to second. Cobb started his batting streak right now, sending a single to left field, on which O'Leary tallied. Rossmann went out, Steinfeldt to Chance. The Cubs took advantage of a momentary shakiness on the part of the Detroit infield in the fourth inning, and aided by some hard walling of the ball, scored their three runs of the game. Mullin started by striking out Sheppard. He then passed Evers, but caught the runner napping off first. Evers started for second and Rossmann threw wild to head him off, and Evers was safe. Catcher Thomas got Schulte's fly. Chance singled and Evers scored the tying run amid enthusiasm. Steinfeldt rapped to Coughlin, who threw low to Rossmann, and the big first baseman made

RATIONAL CURE FOR ECZEMA

No More Dosing The Stomach—Cure The Skin Through The Skin.

When you have a scratch on your hand you wash it out and cleanse it and then the skin cures itself. You do not take blood medicine to cure a feathered wound.

The best skin specialists today are agreed that the only way to cure the skin is through the skin. The fact that eczema is a skin disease and not a blood disease is evident from statistics which show that nearly all eczema sufferers are perfectly healthy in all other ways except to their skin. If the eczema patients were really suffering from an inward malady, the entire body and not only the skin would be diseased.

You can prove immediately the relief of a true skin cure by using oil of wintergreen as compounded in D. D. D. Prescription.

This liquid attacks the disease germs, pumping them while building up the healthy tissue of the skin. We have now handled this meritorious and thoroughly scientific remedy for so long and have seen its reliable results so many times that we freely express our confidence.

a mess of the attempted putout, following it up with a wild throw home to stop Chance. Meanwhile Steinfeldt had gone to second, from which base he scored when Hoffman hit against the left field fence for a triple. Tinker was the third out. But Chicago was two runs to the good, and with Pfeister pitching grand ball, it looked like a three-straight victory.

But Manager Hughie Jennings' prediction that Detroit would have a batting feat some day proved true in the sixth inning. Pfeister opened badly by passing Mullin and McIntyre singled. Then O'Leary hit to Pfeister, who threw to third too late to get Mullin. Crawford smashed a hard one at Chance, who failed to get it, and Mullin scored. Then Cobb laid down a pretty bunt and McIntyre tallied. Rossmann made up for his bungle in the field with a solid well brought in O'Leary and Crawford. Schaefer's fly went to Hoffman and Cobb was thrown out at the plate on a perfect return of the ball. Thomas kept up the fusillade on Pfeister with a double, which sent Rossmann over the pan. Evers and Chance got Coughlin.

The worm had turned, and Chicago on the other hand could do nothing with Mullin. To make the game sure, Detroit came back strong in the eighth. Cobb doubled and went to third on Rossmann's safe hit. Schaefer fled to Schulte and Cobb decided to wait on third this time. Pfeister grew wild again and passed Thomas. Coughlin fled out to Sheppard and Cobb went over the rubber. Mullin beat out a hit to Chance and Rossmann came in with the eighth run. McIntyre went out, Steinfeldt to Chance. Reulbach went into the box for Chicago in the ninth. O'Leary popped to Chance and Hoffman gathered in Crawford's fly. Cobb, however, made his fourth hit of the game and at once stole second and then third. Rossmann drew a pass and the two runners tried a double steal, Cobb dying on home plate. The score:

LID ON IN NEW YORK.

Gambling Houses Are Closed By Jerome.

New York, Oct. 13.—Gambling houses in this city are closed down tight at present and there is every evidence that they will remain closed for some time to come. This is a result of grand jury proceedings started by District Attorney Jerome last week, following his investigation of reports that gambling was being conducted in West Forty-first street. "Honest John" Kelley and Lou Ludlum were called to the district attorney's office.

Mr. Jerome has decided to put the control of the gambling situation up to the police, solely and exclusively, and to start the police off once more with an absolutely clean slate, so far as gambling houses are concerned. For that purpose, after he had received from Ludlum and Kelley their promises that they would keep their houses closed and that opportunity to enter and inspect them should be given at any and all times to a representative of the district attorney's office or to a policeman, he caused subpoenas to be issued for the proprietors of all the other gambling houses. The result has been to bring an almost complete procession of gambling house proprietors to the district attorney ready for confession before the grand jury.

The Gresham Again Ordered to Newfoundland.

Boston, Oct. 13.—The United States cutter, Gresham, Capt. Perry, was under orders to leave the harbor yesterday and proceed to Newfoundland to protect the American schooners in the herring fisheries. Last winter the Gresham was ordered on a similar mission and her presence there had a good effect in harmonizing the different fishing interests.

TWO LEADERS START AGAIN

Long Campaign Tours for Both Candidates

NEBRASKA IS A PUZZLE

The Party Is Sure of Maryland by Perhaps 10,000—The Ticket Will Profit by Big Independent Vote.

William H. Taft took the train again and will continue very actively to follow it until election day. He will open in his own state, Ohio, where he will spend three days chiefly in the agricultural districts. Later he will go South. Colonel Bryan also took up his campaign at home, beginning at the university of Nebraska, where he addressed the students. The "peerless leader" is in prime condition; well prepared for the seventy speeches he has on his schedule.

Political prophets are all at sea when they consider Nebraska, for no one can predict the result. Bryan of course, is strengthened by state pride, while the prosperity issue aids Bryan and so also does Governor Sheldon, who is so strong with the voters that he will greatly assist the full ticket. So many independents have registered in Maryland, and so certain is it that they will vote for Taft, that it is confidently predicted that the Republicans will carry the state by at least 5,000 and probably more. New election laws also will help the Republican ticket.

GOVERNOR HUGHES HOME AGAIN.

He Registers in New York City, and Then Rushes Up State to Speak.

New York, Oct. 13.—Governor Hughes who returned to New York yesterday just long enough to register and then boarded a train for Elmira and Owego where he is to speak today.

TAFT STARTS ON HIS FINAL TOUR

Tells Ohio Girls He Hopes to See Them Voting Some Day.

Circleville, Ohio, Oct. 13.—William H. Taft is now fully launched on his eastern and southern campaigning tour and, Sunday excepted, will be on the road every day until election. He will visit thirteen states and will average probably a dozen speeches daily. His short rest at Cincinnati has put him in his usual physical vigor and he was as anxious to be "up and at 'em" that he was out of bed before 6 o'clock yesterday morning. The hoarseness is all gone from his voice, and he willingly consented to the program of the Ohio managers that called for sixteen speeches yesterday.

Mr. Taft is confident that his home state will give him a handsome plurality. He had splendid crowds at every station yesterday, and the expression of approval from his audiences were pleasing. The spirit of home pride and good will toward Mr. Taft has been apparent in every audience.

At Morrow Jesse Taylor, nominee for Congress, presented Mr. Taft as "The next president of the United States."

"Ladies and gentlemen, the next congressman from the Sixth District," replied Judge Taft, and then added, "one good turn deserves another."

At Sabina the workers on the Taft train began to warm up in earnest. As Judge Taft concluded a brief address some one added "Judge, just say a word to the children in the crowd."

"My dear children," smilingly remarked the candidate, "you don't vote now, but some day you will, and I hope that when you do, the girls will vote as well as the boys."

CHICAGO PASTOR WRITING PLAYS.

Will Deal With Cardinal Virtues and Opposite Sins.

Chicago, Oct. 13.—Interest was aroused in All Saints' Episcopal church at Ravenna when the Rev. Henry Knott announced that he was writing a cycle of plays dealing with the cardinal virtues and their opposite sins. The first play, called "The Revelation," is finished. Its action embodies the great law of compensation—"whatsoever a man sows, that shall he also reap."

"The next play," said Dr. Knott, "is a virtual poem of contrasts—the exceeding sinfulness of ten overshadowed by divine love and the tender, merciful grace of Him who came that we might have life. Other plays will follow at stated intervals."

THINK NEW APE MAY BE "MISSING LINK"

Bronx Zoo Authorities Will Study Strange Monkey Just in From Java.

New York, Oct. 13.—The experts at the Bronx zoo are puzzling over a strange new monkey from Java which is the nearest so far seen here to the long sought "missing link," the dream of science ever since the Darwinian theory of evolution was propounded. The simian in question was brought to New York a day or so ago by the captain of the steamship Clan Macdonald. It was taken off the ship in the Hudson and conveyed to the zoo in a stout cage. The captain said he had never seen any monkey like it in all his travels in the East Indies. The folks at the zoo have never seen anything like it either.

The creature is supposed to be some kind of a gibbon. It stands three and a half feet high and has an unusually intelligent face. The body is covered with long black hair.

Prof. Melvin Hagerly of Harvard university, who recently made a study of the monkey dialects at the Bronx zoo, is to be appraised of the "find" in order that he may examine the creature and talk to it if possible, in the hope that it may turn out to be the real "missing link," which is supposed to bind man to his ape ancestors. Several times scientists have thought they had found the missing link, only to discover on closer study that they were as far from solving the baffling problem as ever.

MILLS WON'T REOPEN UNTILL NEXT SPRING

Milton Pulp Mill Workers Go to Tanners Falls, Mass., to Act as Strike Breakers.

Milton, Oct. 13.—It is considered as settled that the International Pulp company's mills here will not start running again until next spring. Supt. C. E. Gifford and a dozen men left yesterday for Tanners Falls, Mass., where they will be used as strike breakers at the pulp and paper mills there in place of the men who have been out for two months. A large quantity of pulp is in storage here and the yard is full of pulp wood. The continued low water in the Lamolli river caused the shutting down of the mills.

The professional gamblers have been operating their games without restraint and are said to have made remarkable winnings. They run twenty-four hours a day, with the games as strong at day-break as when the sun sets. Several hundred of the losers are living on charity until they can get out of the country.

When Your Stomach Hurts Take a Little Kodol

The pain will then cease—your stomach will feel good. Kodol stops the pains of indigestion and dyspepsia quickly, because it digests all the food you eat.

Kodol is a pleasant, palatable, liquid preparation, that helps the stomach to do its work in a natural way. Being a liquid, it starts digestion at once. Kodol supplies the same digestive juices that are found in a healthy stomach. This is why it will stop the pains of indigestion quickly.

Your stomach, being weakened, probably, by over feeding or over work, is unable to do its work properly, and the natural result is indigestion, sour stomach, gas, or belching, which will soon result in chronic dyspepsia unless the stomach is given help.

Nervous indigestion or dyspepsia, is not only annoying, but dangerous. If let alone, the result generally is gastritis, or sometimes that fatal affliction—appendicitis.

Don't neglect your stomach. Don't take any chances. There is no need for you to suffer, because a little Kodol now and then will keep the stomach well, healthy and strong.
